Данное пособие составлено авторами, долгое время работавшими со студентами, изучающими английский язык как второй иностранный. Накопленный опыт помог нам понять основные трудности, возникающие у студентов на начальном и продвинутом этапах обучения.

При большом количестве пособий, существующих в настоящее время, авторам было довольно трудно выбрать оригинальную, но вместе с тем эффективную форму подачи материала. Поскольку нам всегда нравилось как оформление, так и подача материала в учебном пособии по грамматике Raymond Murphy *“English Grammar in Use”*, мы приняли попытку создать книгу, на наш взгляд, столь же удобную в пользовании, но с учетом трудностей русскоязычного учащегося.

При написании пособия авторы ставили перед собой задачу доступно и кратко изложить грамматику английского языка с целью систематизировать знания учащихся.

Теоретический материал изложен на русском языке, что, с нашей точки зрения, делает пособие удобным для начинающих, поскольку снимает языковые трудности при ознакомлении с темой и освоении основных правил образования и употребления грамматических явлений. Английское правописание приводится по британской версии языка.

Некоторые примеры, данные в теоретической части, сопровождаются переводом, с целью акцентирования наиболее сложных грамматических явлений для русскоязычных студентов.

В каждый урок (Unit) включены предложения на перевод с русского языка на английский. Этот тип работы является особенно важным как для закрепления грамматических явлений, так и для активизации лексики.

Лексическое наполнение упражнений ориентировано на учащегося, освоившего наиболее употребительную лексику английского языка.

Предлагаемое пособие не может быть использовано как базовое, но, надеемся, окажется полезным и интересным как дополнение к любому учебнику или курсу. Кроме того, совершенно очевидно, что, несмотря на множество различных пособий, и преподаватели, и учащиеся зачастую испытывают недостаток в упражнениях как тестового плана, так и переводных, а данное пособие может быть использовано и в аудитории, и дома при индивидуальной работе.

Пособие состоит из 84 уроков, объединенных тематически в отдельные разделы. Последний урок каждого раздела посвящен повторению, что помогает проконтролировать усвоенный материал.

Материал, выбранный авторами для отработки и закрепления, частично расположен по принципу нарастания трудностей. Такие крупные разделы, как времена, формы страдательного залога, артикли, с одной стороны, зависят друг от друга, но на продвинутом этапе обучения более сложные грамматические явления могут изучаться и независимо от более простых.

Материал других уроков не зависит от предыдущих, поэтому книга может использоваться и как справочник.

Предлагаемое пособие представляет собой как справочник по грамматике, так и сборник упражнений.

Надеемся, что данное пособие будет полезным учащимся школ, студентам колледжей, лицеев, ВУЗов, слушателям курсов, а также лицам, самостоятельно изучающим английский язык на разных этапах его освоения.

1. ОБРАЗОВАНИЕ

had been	+	-ing
----------	---	------

- Орфографические правила образования причастия настоящего времени см. в *Unit 40*. Вопросительная форма образуется при помощи **had**.

It was just the book he **had been looking** for so long.

Why **had** he **been looking** for the book so long before he finally found it?

- Так же, как и Present Perfect Continuous, Past Perfect Continuous, как правило, не употребляется в отрицательных предложениях. Вместо него употребляется Past Perfect.

It turned out that he **hadn't practised** the reading of the text at home.

2. СЛУЧАИ УПОТРЕБЛЕНИЯ

- Действие, которое началось до определенного момента в прошлом и продолжалось вплоть до него или в тот момент все еще продолжалось. В этом значении Past Perfect Continuous употребляется с теми же словами и оборотами, что и Present Perfect Continuous: **lately, since, for, ...** (см. *Unit 47*).

At midday he felt tired as he **had been working** in the garden *since early morning*.

They **had been staying** at the hotel *for three days* when they got a letter.

- Действие, которое происходило непосредственно перед определенным моментом в прошлом и каким-то образом отразилось на ситуации в прошлом.

They were wet through. They **had been walking** in the rain.

Глаголы, не имеющие форм Continuous, не употребляются в Past Perfect Continuous. В указанных значениях они образуют Past Perfect (см. *Unit 52*).

Между Past Perfect и Past Perfect Continuous существуют такие же различия в значениях и употреблении, что и между Present Perfect и Present Perfect Continuous (см. *Unit 48*).

Используя данную информацию, составьте сложные предложения. Употребите Past Perfect Continuous.

DIRECT AND INDIRECT SPEECH

SEQUENCE OF TENSES

**ПЕРЕВОД ИЗ ПРЯМОЙ РЕЧИ
В КОСВЕННУЮ**

СОГЛАСОВАНИЕ ВРЕМЕН

- 1.** Прямая речь, представляющая собой повествовательное предложение, переводится в косвенную при помощи союза **that**.

He says, "My brother knows Spanish." ⇒ He says *that* his brother knows Spanish.

- 2.** Если в прямой речи содержится общий вопрос, для перевода в косвенную речь нужен союз **if** или **whether**.

She asks, "Have you brought the book?" ⇒ She asks *if* I have brought the book.

They ask, "Did she know about it?" ⇒ They ask *whether* she knew about it.

- 3.** Специальный вопрос не требует никаких дополнительных союзов для перевода из прямой речи в косвенную. Роль союза играет вопросительное слово специального вопроса.

Tom asks, "What is your sister?" ⇒ Tom asks *what* my sister is.

Helen wonders, "Where did they hide the money?" ⇒ Helen wonders *where* they hid the money.

Помните, что в косвенном вопросе всегда прямой порядок слов (см. *Unit 34*).

- 4.** Команда или просьба переводятся в косвенную речь инфинитивом.

The teacher asks, "Close the window, Charles." ⇒ The teacher asks Charles *to close* the window.

The shop assistant says, "Don't touch it." ⇒ The shop assistant says *not to touch* it.

Обратите внимание на смысловое изменение личных и притяжательных местоимений при переводе из прямой речи в косвенную.

Alice says, "My Dad comes home very late." ⇒ Alice says that *her* Dad comes home very late.

The boys say, "We know the answer." ⇒ The boys say that *they* know the answer.

Mum asks, "Did *you* have a good time?" ⇒ Mum asks if *I* had a good time.

Если указан объект, к которому обращена прямая речь, то при переводе в косвенную речь в словах автора глагол **say** заменяется на **tell**.

My Granny often *says to me*, "Don't be lazy." ⇒ My Granny often *tells me* not to be lazy.

Переведите в косвенную речь.

1. Если в главном предложении глагол употреблен в одной из форм прошедшего времени, то форма глагола в придаточном предложении должна быть также употреблена в форме прошедшего времени.

Выбор формы глагола в придаточном предложении зависит от того, являются ли действия в главном и придаточном предложениях одновременными, предшествует ли одно другому или действие в придаточном следует за действием в главном предложении.

- Если действия в главном и придаточном предложениях одновременны, то в придаточном предложении глагол употребляется в форме *Past Indefinite* или *Past Continuous*.

Everybody *knew* why she *behaved* like that.

I *could* hardly understand what she *was talking* about.

- Если действие в придаточном предложении предшествует действию в главном, то в придаточном предложении глагол употребляется в форме *Past Perfect* или *Past Perfect Continuous*.

It *wasn't* quite clear how the accident *had happened*.

I *realized* that the man *had been watching* me for quite a long time.

- Если действие в придаточном предложении следует за действием в главном, то в придаточном предложении глагол употребляется в форме *Future-in-the Past*.

It *seemed* to her that nothing *would* ever *change* in her life.

2. Согласование времен действует не только внутри одного предложения, но и в контексте.

I *knew* what kind of man Pete's brother *was*. We *had met* several times and besides Pete *had* often *told* me about him. I *realized* that he *was* a difficult man to deal with. It *wouldn't be* easy to persuade him to join us.

Правила согласования времен не соблюдаются, если в придаточном предложении речь идет об общеизвестном факте или универсальной истине.

The guide *said* that Buckingham Palace *is* the London residence of the British Queen.

Раскройте скобки, употребив глагол в правильной форме.

Однажды Джимми убежал из дома, когда отец и мачеха опять избили его. Он не знал, куда идет. В конце концов он оказался на улице, где никогда раньше не бывал. Ему стало страшно, и он заплакал. Он довольно долго сидел на улице. Уже стало темнеть, когда к нему подошли двое ребят и спросили, что случилось и почему он плачет. Сначала Джимми боялся их, так как впервые их видел. Но потом он рассказал им свою историю. Им стало жалко Джимми. Они понимали, что мальчик не выживет, если они оставят его одного. Ребята сказали, чтобы Джимми не плакал, и пообещали помочь ему.

2

Оказалось, что мистер Хопкинс — вор и все это время использовал Джимми для своих преступлений. С тех пор как Джимми понял это, он только и думал, что делать. Он вспомнил, что друзья

познаются в беде, и пошел к Рипу. Рип боялся, что, когда Джимми придет в полицию, полицейские арестуют его, так как к тому времени он принял участие во многих кражах, а полицейские знали, что Хопкинсу кто-то помогает. Ребята сидели и думали, что делать, когда пришел хозяин Рипа и спросил, что они тут делают так поздно.

3 -----

Миссис Уинкшип и ее племянница Марта не могли удержаться от слез, когда Джимми рассказывал, как он жил и чем занимался все это время. Они решили, что мальчик останется у них, пока они не придумают, что делать.

Прошло несколько дней, и Марта вспомнила, как дядюшка Белчер как-то говорил, что ему нужен помощник. Она точно не знала, чем он занимается, но подумала, что Джимми, который пережил так много, справится с любой работой.

Сначала дядюшка Белчер не хотел брать Джимми. Он сказал, что мальчик уже слишком большой, но женщины уговорили его забрать Джимми. Они и представить себе не могли, куда они на самом деле посылают мальчика и что там с ним случится.

THE PASSIVE VOICE

ПАССИВНЫЙ ЗАЛОГ

1. ОБРАЗОВАНИЕ

- Вспомогательный глагол **to be** в соответствующей временной форме + причастие прошедшего времени смыслового глагола

be + **причастие прошедшего времени**

- Правила образования причастия прошедшего времени см. в *Unit 45*.
- Чтобы употребить соответствующую форму пассивного залога, надо прямое дополнение конструкции в активном залоге сделать подлежащим.

The commission *discussed my report* yesterday.

My report *was discussed* yesterday by the commission.

Если необходимо указать, кем было совершено действие, используется предлог **by**.

Чтобы показать, при помощи чего совершено действие, используется предлог **with**.

The letter was written *by a boy with a pencil*.

2. ФОРМЫ

- **The Present Indefinite Passive** — *is (am, are) done*
This room *is cleaned* every other day.
- **The Past Indefinite Passive** — *was (were) done*
The room *was cleaned* on Monday.
- **The Future Indefinite Passive** — *will (shall) be done*

The room *has already been cleaned*.
- **The Past Perfect Passive** — *had been done*
The room *had been cleaned* by that time.

Обратите внимание, что в пассивном залоге, в отличие от активного, не существует форм Perfect Continuous.

Вопросительную и отрицательную формы образует первый вспомогательный глагол.

Will the work *be done* tomorrow?

The room *isn't being cleaned* now.

Переделайте конструкцию активного залога в пассивную, употребив глагол в соответствующей форме.

1. Прямая пассивная конструкция

- Прямое дополнение конструкции в активном залоге становится подлежащим конструкции в страдательном залоге. Со следующими глаголами употребляется только эта конструкция:

to announce	to dictate	to read	to sell
to buy	to explain	to recommend	to sing
to describe	to introduce	to repeat	to suggest
to devote	to mention	to report	to write

She *bought new toys* for the children. ⇒ *New toys were bought* for the children.

The teacher *will dictate* the task to you. ⇒ *The task will be dictated* to you by the teacher.

Обратите внимание на разницу в построении русского и английского предложений:

The rule was repeated to them twice. ⇒ *Им дважды повторили* правило.

Если в предложении нет прямого дополнения, то для построения пассивной конструкции с указанными глаголами используется безличное предложение.

It was explained to us what to do. ⇒ *Нам объяснили*, что делать.

2. Косвенная пассивная конструкция

- Прямое или косвенное дополнение конструкции в активном залоге становятся подлежащим конструкции в страдательном залоге. Такую конструкцию могут образовывать глаголы

to give, to offer, to pay, to promise, to send, to show, to tell

They *gave me* really good *advice*. ⇒ *I was given* really good advice.
⇒ Really good *advice was given* to me.

3. Предложная пассивная конструкция.

- Предложное дополнение конструкции в активном залоге становится подлежащим конструкции в пассивном залоге. Предлог сохраняет свое место сразу после глагола.

They *are talking about their holidays*. ⇒ *Their holidays are being talked about*.

Неопределенно-личные предложения типа «Говорят, она хороший врач»; «Слышали, как он кричал на нее»; «Видели, как она вышла из офиса» переводятся следующим образом:

She *is said to be* a good doctor.

He *was heard to shout* at her.

She *was seen to leave* the office.

2. Поскольку **can** имеет только две временные формы, **can** (для настоящего времени) и **could** (для прошедшего времени), для выражения будущего времени вместо **can** используется оборот **to be able to**, который употребляется во временах группы Perfect и после модальных глаголов.

Форма **could** как форма прошедшего времени указывает только на **возможность** совершения действия в прошлом. Для того, чтобы показать, что действие было или не было совершено в прошлом, следует употреблять глагол **to manage** или оборот **to be able to**.

I *could* get him on the phone.

Я *мог* до него дозвониться.

Конструкция «сложное дополнение» состоит из двух частей:

существительное в общем падеже или местоимение
в объектном падеже, обозначающее лицо или предмет

+

инфинитив смыслового
глагола или причастие

После следующих глаголов и выражений инфинитив употребляется с частицей **to**:
to want, I'd like, to expect, to know, to like, to hate, etc.

На русский язык Complex Object, как правило, переводится дополнительным придаточным предложением с союзами *что, чтобы, как*.

I want **you to close** the window.

Я хочу, чтобы ты закрыл окно.

He expects **us not to be late**.

Он предполагает (ожидает),
что мы не опоздаем.

После глаголов **to make, to let** употребляется инфинитив **без** частицы **to**.

Make **him go** there. Let **me pass**.

После глаголов **to hear, to see, to notice, to feel, to watch** глагол употребляется в форме:

- *инфинитива без частицы to*, если следует подчеркнуть факт восприятия действия вплоть до его завершения.

I heard **him come in**.

Я слышал, как он вошел.

I saw **him buy** a newspaper.

Я видел, как он купил газету.

He noticed Roger **pick up** something
from the floor.

Я заметил, как Роджер поднял что-то
с пола.

- *причастия (doing)*, которое подчеркивает длительность действия.

I heard **him coming in**.

Я слышал, как он входил.

I saw **him buying** a newspaper.

Я видел, как он покупал газету.

I noticed **Roger picking up** something.

Я заметил, как Роджер поднимал что-то
с пола.

I watched **the children playing**.

Я наблюдал, как дети играют.

Если глаголы **to see, to hear, to notice, to feel** употреблены не в своем прямом значении, после них употребляется дополнительное придаточное предложение.

I hear (that) *they have just moved to a
new flat.*

Я слышал, (что) *они только что
переехали на новую квартиру.*

I saw (that) *he didn't understand
anything.*

Я видел, (что) *он ничего не понимает.*

I felt *that he was wrong.*

Я чувствовал, *что он не прав.*

Придаточное предложение также употребляется вместо Complex Object в предложениях типа *Ты слышал, как он поет? Ты видел, как она рисует?*

Did you hear *how* he sings?

Ты слышал, как она поет?

Did you see *how* she draws?

Ты видел, как она рисует?
